

Assess the contrasting impact of one of these factors on the characters of your local and distant places

Prior, winning of olympic bid, stratford bore the label of - “derelict, industrial rail” Newham is now the 2nd most diverse borough, within a short time, the demography has also changed, documentary titled “last whites of the east end” growing concerns of “alienated, marginalisation” displaced feeling like “outsiders” rather than “insiders”. Must be noted that non-english restaurants have increased to 60% of total newham restaurants, moreover the forclosure of traditional anglican churches, pubs with an increase in masjids, temples have increased.. , which can strike a chord with residents resistant to cultural change

yet, in dedham vale, the effect is not observed on a similar scale. while the painting of john constable attracts over 23,000 tourists each year, “think global act local” restaurants rather depict preferences more towards a traditional english palate.

In conclusion, could just as easily change as the albert docks did change
